

STRATEGIC PLAN 2023–25

Our Vision

Better and safer health outcomes through high quality accreditation and assessment services for all regulated health professions within Australia

Our Purpose

We work collaboratively with our member organisations and other stakeholders to improve the quality, efficiency and effectiveness of accreditation and assessment functions of the regulated health professions for the benefit of the community

1. Leadership

Lead collaborative work with member accreditation authorities and other stakeholders to promote and improve accreditation and assessment services to support a sustainable health workforce

Lead new initiatives to identify and support development of best practice assessment and accreditation approaches aligned with workforce priorities.

2. Effectiveness & efficiency

Utilise our expertise to improve the quality and value of accreditation services for the benefit of the community

Agree a governance model that is fit for purpose in establishing the Forum as the collective expert voice on accreditation and assessment services

3. Innovation

Challenge the present and shape the future to lead and promote best practice and continuous improvement in the work of member accreditation authorities

Share new approaches, evidence and work in progress across the membership to foster continuous improvement and learning

4. Stakeholder engagement

Proactively engage with our key stakeholders to optimise the benefits of a collaborative approach to addressing issues of common interest

Develop a stakeholder engagement strategy
